No More Soot Troubles!

Use U. S. Soot Destroyer!

It is Cheap, Quick and Sure. For Stoves, Furnaces and  
Chimneys. U. S. Soot Destroyer is a harmless combination.  
It has no bad odors and is non-explosive. Spread it over a  
good hot fire and the gas fumes created turns the soot into a  
light ash and is easily carried off by the draft.

U. S. Soot Destroyer

Reaches places never touched by  
any mechanical device. It  
follows the draft and burns the  
soot thoroughly and positively.

U. S. Soot Destroyer is a real  
fuel saver. One-fourth inch of  
soot over the radiations surfaces  
cuts the heating efficiency 25  
per cent.

This material is used in  
practically all the large indus-  
trial plants, the public buildings  
in all cities and was used very  
satisfactorily by scores of  
people right here in Paw Paw  
last winter.

We know all the old customers  
will use it. We want new ones  
to try it.

The price is 25 cents for a  
One pound package, or 15 cents  
per pound in bulk.
